Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1-7 are allowed because the prior art of record does not teach or suggest a multiple exposure mask pattern for multiple exposures for forming a resist pattern with an unvarying pattern pitch on a semiconductor wafer, which is utilized instead of a one exposure mask pattern having a width of an aperture pattern of the one exposure mask smaller than a width of a light-shielding pattern of the one exposure mask, wherein the multiple exposure mask pattern for multiple exposures comprises an aperture pattern and a light-shielding pattern with apertures between light-shielding portions; where the multiple exposure mask pattern has a pattern pitch that is the same as that of the one exposure mask pattern and has a width of the aperture pattern of the multiple exposure mask pattern that is greater than a width of the light-shielding pattern of the multiple exposure mask pattern.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
